RESPONSE TO DECISION REFUSING STATUS UNDER 37 C.F.R. §1.47(a)

ASSISTANT COMMISSIONER FOR PATENTS
WASHINGTON D C 20231

Dear Sir/Madam:

Applicant hereby responds to the dismissal of its petition under 37 C.F.R. §1.47(a) rendered April 25, 2002, in relation to the above-identified reissue patent application. Applicant acknowledges, with thanks, the courteous message provided by Petitions Attorney Brantley responding to Applicant's inquiry regarding the proper protocol to address the dismissal in view of Applicant's acquisition of the signature of the missing inventor, Aaron U. Levy. In this regard, attached hereto is the Declaration page referred to by Applicant in its telephone message, bearing Mr. Levy's signature. Upon conducting further investigation after having received the April 25, 2002 Petition Dismissal, Applicant was successful in establishing contact with Mr. Levy, who is the current president of Luminent, Inc. of Chatsworth, California. Upon being contacted by Applicant's counsel, Mr. Levy was agreeable to the execution of the attached Declaration.

In view of the foregoing, Applicant respectfully requests that the present application now proceed to issuance in view of the indication of Claims 1-9 thereof as being allowed per the October 24, 2001 Office Action.

If any additional fee is required, please charge Deposit Account Number 19-4330.

Respectfully submitted,
